

Greetings all Naper As Members,

In compliance with COVID-19 social distancing, **we have cancelled the April 2020 Naper As meeting** and postponed some planned events. We are sending out this officers' report to keep everyone updated.

PRESIDENT'S REPORT

Hello fellow Naper As' members,

I hope we're all staying healthy and self-isolated. For those of us who are still going to work everyday, continue to use careful practices. Hopefully everybody has their vehicles ready for the warm weather, and when it gets here we can all get out and drive those Model As. Depending on how long the pandemic lasts, we may try to have a virtual meeting next month. Bob Fields has offered to help set up a ZOOM virtual meeting if needed. Let's see how things go.

SECRETARY'S REPORT

I have been keeping the flow of information moving by forwarding car-related emails, blogs, and messages from Naper As' members. Since we have this free time, it's perfect to get many of those nagging Model A tasks done. In addition to "honey do" jobs around the house, I've been diligently working on my '31 Slant getting many of those unfinished tasks done. Feel free to share your hands-on experiences and questions with the club. If you don't have the Naper A's distribution list, send them to me and I'll forward them.

Keep well and safe,

— *Secretary, Nick Mazzarella*
